Enrollment

1000 students Preschool through Secondary IV
(Pre-K through 12)

Students represent 45 nationalities

Class of 2026: 62 students representing 11
nationalities

GPA and Rank in Class

Due to the nature of our school and the small class sizes, QSI International School of Shenzhen does not rank students. The cumulative GPA on the student's transcript only reflects courses taken at QSI. Grades from previous schools are not included in the GPA, but they are listed on student transcripts.

QSI International School of Shenzhen is a private, nonprofit preschool through Secondary IV (Grade 12) coed, college-preparatory day school. It was founded in 2001 in order to provide a quality education in English for the children of expatriates in Shenzhen. The school is part of Quality Schools International, a consortium of nonprofit international College-preparatory schools with an American-style curriculum. It is fully accredited by the Middle States Association of Colleges and Schools (MSA), and is authorized to offer the International Baccalaureate (IB) and Advanced Placement (AP) courses. The school has a total staff of 339, with one Director, four Directors of Instruction, four counselors, and one Athletic Director. We have 169 foreign teachers, nearly all trained and certified in the USA/Canada, and 170 support staff.

CURRICULUM

QSI International School of Shenzhen offers a comprehensive program for competitive college preparation. Instruction is in English; Intensive English courses offer a support system for those students who require it in the Elementary and Middle School. In addition to students earning the QSI Diploma, the school offers International Baccalaureate (IB) and Advanced Placement (AP) courses & examinations. All Secondary I-IV (grades 9-12) academic courses are college preparatory. SAT tests are given four times a year and ACT tests are given two times a year.

SAT SCORES

The SAT was administered to Secondary III and IV students from 2020-2026. All scores, including those from non-native English speakers, are included. QSI International School of Shenzhen Mean SAT score*: Reading and Writing-629 Mathematics-689

Location: Shenzhen, China

GRADING

Mastery of each essential unit is evaluated with an A or B (mastery grades). B denotes mastery of learning outcomes at a high level of understanding. A represents mastery where the student demonstrates higher order thinking skills. Mediocre or poor work, resulting in Cs and Ds, is not acceptable, and students will re-engage until they demonstrate mastery. Students who master a unit with a B evaluation may attempt to demonstrate a higher level of mastery at a later time, within that current school year, to change the evaluation to an A. Time periods (quarters, semesters, and terms) are not evaluated. Assessment is continuous and student performance is assessed on learning outcomes and units of study.
